CREATING A WILDLIFE HABITAT IN YOUR BACKYARD

JOIN THE MERCED MASTER GARDENERS

July 14, 2018
10 a.m. to 12 p.m.

THIS PRESENTATION WILL ADDRESS:

> Enjoy the beauty and benefits of creating this welcoming environment for our furry and feathered friends and for bees and other critically important pollinators.
> The importance of natural/native habitats in our communities.
> The elements of a “welcoming” wildlife habitat including what to include in the landscape as well as what to exclude.
> The “how to” of creating this habitat in your own landscape.
> Share cuttings and starter plants for a better understanding of these waterwise treasures.

ABOUT THE MASTER GARDENERS:

> The Master Gardener Program is a volunteer group within the University of California Cooperative Extension that seeks to be the preferred source of research-based information on gardening, landscape, and resource conservation for the residents of Merced County.
> Master Gardeners accomplish this through extension, informative outreach programs, and the workshops listed to the right.
