

# CalTeach Summer Institute

## Water Works Part 2: Investigate the Watershed From Summit to Sea

### What?

- Learn the benefits of hands-on modeling and get messy with stream tables outside your classroom.
- Used for various NGSS standards across multiple grade levels.

### When?

July 19th & 20th

UC Merced

9:30 am- 4:30 pm

### Why?

- Get out of the classroom and take advantage of natural phenomena.
- Teachers can apply for graduate credit through UC Merced extension.

This workshop is open  
to 4th-12th grade  
teachers!

### Where do I apply?

This FREE workshop limited to the first 25 to register.
